

The following features are present in the vector based on the nucleotide sequence.

T7 promoter .....	1-18
EMCV IRES.....	33-535
Ftag .....	539-562
MCS .....	563-640
Poly A.....	654-683
T7 terminator .....	712-759
Ampicillin gene (bla, Am <sup>R</sup> ).....	1721-2578
F1 origin .....	3017-3472
